*Capture it, Remember it*

## *Capture it, Remember it*

You've carefully considered every detail, putting as much of yourself into your wedding as possible. Your wedding day is not just about celebrating your new marriage – it's about celebrating you and your spouse as individuals and now, as a couple.

I know all about the details. From the moment you first contact me, you can be sure you've just talked to someone who cares as much about every single detail as you do. Just like you put your heart and soul into planning your wedding and your new life together, I put my heart and soul into my photography. It's more than just a career – it's my passion.

When you choose me as your wedding photographer, you can be sure that you will receive professional, personable service. I'll look after the photographic details and help guide you through your day as efficiently as possible – and we'll have fun doing it. Who says photographers have to be stuffy and dull? I like to be part of the fun and increase the enjoyment of your wedding day.

I know every couple has different needs and varying budgets. I offer a variety of packages to suit everyone, from my basic four hour package to an all-inclusive 12 hour package. Or, you can build your own package, custom made for your wedding day. If you need to pay for your package in a series of payments, I can accommodate you in creating a payment plan. I want everyone to be able to afford great wedding photography!

I also know that it's not just about the photography – it's about the experience. It's about capturing the feeling of the day so you can relive the memory of your wedding every time you look at your photos.

I look forward to working with you on the most important day of your lives, getting to know your family and friends, and helping ensure the first day of the rest of your life is a great one.

## *Booking*

Please contact me to ensure your wedding date is still available. If it is, then I invite you to fill out the wedding contract in duplicate and return it to me along with your retainer.

Once I receive these documents and retainer from you, I will officially save that date for your wedding and mail you back a completed contract as a guarantee of my services on that date.

The balance of your package fee is due one month before your wedding.

If you have any questions, please do not hesitate to call me at my office at 780.741.2179, on my cell at 780.853.7687 or e-mail me at [jjacula@mcsnet.ca](mailto:jjacula@mcsnet.ca) - I will be happy to speak to you! I want you to be as sure in your choice of photographer as you are in your choice of spouse – so feel free to give me a shout, no matter how big or small your question might be.

I accept payment via cheque, cash, PayPal or credit card, and completed contracts can be faxed to my office number. (Please call first.) If paying by cheque, please make cheques payable to Jennifer Jacula Photography and mail your documents to:
